Subject: Re: NIN Draft of 11/01/09

One thing that I think was pretty clear from our conversations at the NCUWC meeting was that we would be happy to organize seasonal bird watching events, and to help in restoration work; helping to remove invasive plants and helping to replant more trees and bushes. I am confident that we can commit to that. So, yes, we support the project and have some specific things that we would do if the funding comes through.

I am also wondering about adding the Friends of North Clackamas Parks to your list of supporters. We could commit to doing a quarterly litter pick up there, if that would be enough to qualify us. The Friends of the Trolley Trail are a separate group, and I cannot speak for them. But the Trolley Trail is one of "our" parks, so we can say clearly that we could pick up litter here at the site.

Let me know if there is anything else you might need from me today; I'm around and will be checking my email from time to time.

Susan
