

Website recommendations from Bob Murch, 1/19/09

Doug, I am sending you these two sites for reference as we discussed at the end of the last task force meeting.

- <http://www.gfc.state.ga.us/CommunityForests/documents/2005TreeOrdinance-100.pdf> is from the Georgia Forestry Commission and has the evaluation form that might be useful to survey the task force. This site is also a great reference for tree ordinance issues.
- <http://isa-arbor.com/publications/ordinance.aspx> from the International Society for Arboriculture.
